

OFFICIAL END-OF-LIFE (EOL) NOTICE

Product: IHP24-I-100000 and any abbreviations related to the IHP24-I model range.

Manufacturer: Val Controls A/S

EOL Effective Date: 23-02-2026

Val Controls A/S hereby formally announces the immediate and permanent discontinuation of the product

IHP24-I-100000

1. End of Manufacturing and Sales

- Manufacturing of IHP24-I-100000 has ceased.
- No further production will take place.
- There is no remaining finished goods inventory available.
- No Last-Time-Buy option is offered.
- New orders will not be accepted as of the EOL Effective Date.

2. Spare Parts and Service

- Spare parts availability is not guaranteed.
- Technical support will be limited to reasonable commercial efforts and subject to resource availability.
- No commitments are made regarding future certification updates, regulatory compliance updates, or product modifications.

3. Warranty

- Standard warranty obligations for products already delivered will remain valid in accordance with the applicable sales agreement and general terms and conditions.
- No extension of warranty or special service arrangements will be offered in connection with this discontinuation.

4. Limitation and Reservation of Rights

Val Controls A/S reserves the right to:

- Refuse any new orders for the discontinued product.
- Decline requests for redesign, recertification, or modification.
- Allocate any remaining spare parts inventory at its sole discretion.

Val Controls shall not be liable for any indirect, incidental, or consequential damage arising from or related to the discontinuation of this product.

For further information, please contact Val Controls A/S.
